

Managing Safely

Course Description

This IOSH Approved Managing Safely with VideoTile Learning online course is designed to equip managers and supervisors with essential health and safety skills to promote safer workplaces. Delivered entirely online, this course offers interactive lessons, practical examples, and flexible, self-paced learning, making it ideal for professionals with busy schedules.

Key areas covered include hazard identification, risk assessments, incident investigations, and adherence to safety regulations. Upon completion, participants will receive the internationally recognised IOSH Managing Safely certificate, showcasing their commitment to maintaining a safe working environment.

Learning Objectives

By the end of this course, candidates will be able to:

- Understand the importance of their role in managing health and safety in their workplace
- Define key health and safety terms
- Identify hazards and carry out an effective risk assessment in the workplace
- Describe how to identify, measure and control hazards and risks
- Understand their responsibilities in relation to health and safety at work
- List the steps that need to be taken to effectively investigate incidents
- Apply practical steps to measure the effectiveness of health and safety programmes in the workplace

Assessment

The course is assessed in 2 parts.

- Multiple choice examination in which candidates must demonstrate what they have learnt.
- Practical assessment in which participants must show how to apply the knowledge they have gained throughout the course to real life situations.

Certification

Successful candidates receive an official IOSH-approved certificate.

Advantages

Online training is flexible, efficient and cost effective meaning the candidate can progress through the modules at their own pace and in their own time, so they can fit the training around their work and personal life

IOSH course registration fee and certificate is fully included so there are no hidden costs

Successful candidates receive an official IOSH Approved Managing Safely with VideoTile Learning Digital Certificate issued by IOSH.

Further Progression

For those candidates that want to further enhance their management and leadership skills we would recommend looking at some of our business skills courses including: Developing Teamwork, Leadership Skills and Principles of Performance Management
